March 2, 2016

Mr. Gani Myrzaliev
Head of the International
Cooperation Department
At "NMH" Baiterek

Dear Mr. Myrzaliev

As you well know, I signed a contract with "NMH" Baiterek, defining consulting services provided by me to "NMH" Baiterek as well as others upon request.

The above mentioned services were provided to "NMH" Baiterek since the beginning of 2015. The services were provided through my own, fully controlled company, named Hyperion (E.B 2013) Ltd. (Hereafter "Hyperion").

As you now consider renewing the contract for the year of 2016, I have to formally update you that Hyperion had been transformed into Ergo(E.B2014) Ltd. (Hereafter "Ergo") in regard to all my consulting and business activities.

Ergo, of course, is fully owned by me, as was the case with Hyperion. I now kindly ask you to find a way to write the new contract for 2016, in a language, which will reflect this transformation. Namely, will quote my services as being given, from now on, by Ergo.

My request comes under the insistence of my lawyers and accountant in Israel, which both insist, that in spite of the fact that nothing had changed in the content or nature of services I provide to "NMH" Baiterek,, the way described in my request, is the one consistent with my commitments according to Israeli law.

I will deeply appreciate it if you can help me on this issue and solve it.

Dear Mr. Myzaliev,

I will highly appreciate it if you can update Mr. Bashimbayev about this letter and its content. I also intend to send an email copy to Mr. Anuar Ukimet..

Thanks in advance,

Looking forward to work with you and “NMH” Baiterek

Best

Ehud Barak, CEO
